RE: Phone Service for 28721 North 142nd Street, Scottsdale, Az 85262

We are building a home in the area supported by the Granite Mountain Exchange. I was very glad to hear that phone services was finally going into our area, but recently found out that it did not offer extended area calling. It is not right that I should have to pay for phone service and pay \$.12 cents a minute to call my neighbor. I would like to know what I can do to change this? We are talking about a small number of residents that fall in this area, but we should still count as Scottsdale residents. Could someone please take the time to look into this matter?

Thank you,

Sandra Tye
